The unique Würzburg Flair Why is Würzburg so popular? ne visit time and time again, not because of the location alongside the Main River and the ease of getting here. No, it has everything to do with the unique atmosphere that simply makes you feel good. It's a special mix of culture and ambiance, of world heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer. At every step you can experience why Würzburg is a member of the "Historic Highlights of Germany". There are many hotels and restaurants that are looking forward to your visit. – Enjoy the local Franconian wine, a glass of Franconian sparkling wine and other culinary treats from the region.

A UNESCO World Cultural Heritage Site

Balthasar Neumann, Europe's greatest architect of the Baroque era, built the Residence Palace. This former home of the prince bishops of Würzburg is nicknamed "the castle above all castles." The grand staircase of the Residence Palace is deemed the most beautiful staircase in the world. Other renowned artists whose names are inextricably linked to this lovely city on the Main river

are Tilman Riemenschneider and Giovanni Battista Tiepolo.

Almost Like Hollywood but Real: The Towers of Würzburg

Würzburg is not a fake movie backdrop but a real, vibrant city. The view from the Fortress Marienberg across the many towers rising above the city – the cathedral, the Marienkapelle, the town hall, and the Käppele – is breathtaking and unforgettable.

The Museums: Visit, Experience, and Learn

At the Museum für Franken, you find a large collection of works by Tilman Riemenschneider. The Museum am Dom offers a unique collection of modern and contemporary art. The awardwinning Museum im Kulturspeicher offers Concrete Art in a truly extraordinary setting. If you are interested in items from the antiquity, then visit the Martin von Wagner Museum. There is something here for any interest!

Fascinating Tradition: Franconian Wine, the Bocksbeutel and Typical Restaurants

Our recommendation: Quaint restaurants and traditional wine taverns offering local fare. Of course, you can also opt for international cuisine at five star restaurants. And don't forget that this is one of the best wine-growing areas in Germany. So don't miss the opportunity to sample a local wine from a Bocksbeutel bottle. This should be a mandatory part of any visit...

For an up-close experience of the Franconian joie de vivre, visit one of the many local wine festivals, tour a wine cellar or participate in a wine tasting.

One in Four Residents is a College Student

Würzburg is home to about 36,000 college students. Wilhelm Conrad Röntgen once studied here and discovered X-rays that have transformed our lives. In 1901, he was awarded the Nobel Prize in Physics for his work. There are a total of 14 Nobel Prize winners that once studied and lectured at the university and helped further its excellent reputation. The Technical University of Applied Sciences Würzburg-Schweinfurt offers more than 40 different Bachelor's and Master's degree programs. The University of Music Würzburg has produced many well-known musicians, among them the world-famous singers Waltraud Meier and Diana Damrau.

A Unique Setting: Mozart Meets Mozambique

Are you looking for classical music or African drum beats? We have got you covered! The Africa Festival in Würzburg is the largest African Culture Festival in Europe and Würzburg also hosts the acclaimed Mozart Festival, an outstanding classical music concert series. If you need more: There is the Umsonst & Draussen Festival, the International Film Weekend, the STRAMU street art festival, the Bach Days, to name just a few.

Getting Here Is Easy: We are Located in the Heart of Europe

As much as locals enjoy the Franconian heritage, they also take advantage of the easy access to the rest of Europe. Würzburg sits at the crossroads of numerous new and old traffic routes.

Three major interstate highways intersect here: Autobahn A3

Cologne – Würzburg – Munich, Autobahn A7 Hamburg – Würzburg – Ulm, and Autobahn A81 Stuttgart – Heilbronn – Würzburg.

Furthermore, there are 350 train departures daily, 70 of which are high-speed trains, and you are only an hour's drive from Frankfurt International Airport. If you like the water, you can take a boat trip on the Main river to Sommerhausen or a leisurely cruise to Veitshöchheim and the most beautiful Rococo garden in all of Europe. Since the Rhine-Danube canal opened, the Main river has taken off as a boat-touring destination.

In 2022 over 900 river cruises stopped in Würzburg. And don't forget to explore the scenic Romantic Road. There is no shortage of great options here.

Themed guided tours

Medieval Würzburg

The topic of this guided tour is Würzburg in the Middle Ages. You will learn about guilds and brotherhoods while walking the streets around market square where the craftsmen used to live. At the Cathedral of St. Kilian you get to marvel at several sculptures by Tilman Riemenschneider. Then the tour takes you past Riemenschneider's former residence to the Alte Mainbrücke (Old Main River Bridge) and the fabulous views of the vineyards and the Fortress Marienberg. You will learn many interesting facts about medieval life and the peasants' wars. Also covered will be minnesong since the remains of the famous minnesinger Walther von der Vogelweide are said to rest in the Lusamgärtlein at the Neumünster.

Jewish Life in Würzburg

Würzburg has been home to citizens of Jewish faith for more than 900 years. In the Middle Ages, Würzburg was an important center of Jewish faith and philosophy thanks to the Talmud School and its rabbis. In the following centuries times of persecution happened periodically. In the 17th lews from the city and surrounding areas and it was not until the 19th century that a lewish community got reestablished in Würzburg. The Nazi dictatorship eclipsed with the deportation of lews to concentration camps. Today, the Jewish community of Würzburg is again 1100 members strong. The guided tour provides an overview of the religion and history of Würzburg's lews and visits important sights of town, such as the Juliusspital and the Marienkapelle.

Women in Würzburg

Some of Würzburg's female residents have become famous well past the city limits. Well known names include Emy Roeder, Gertraud Rostosky and Margret Boveri. Many others have not come to fame. Yet all of them have helped shape the city, whether they did laundry, sold goods on century, the prince-bishops evicted the markets, were persecuted as witches or revered as nuns. The guided tour visits many of the famous sights of town and uncovers many little known surprises.

Witch-Hunts in Würzburg

Witch-hunts did take place in Würzburg. The height of the persecution was reached in the early 17th century when women were burned en masse. In those days, any citizen - regardless of gender or status – was subject to libel, which could mean death. The guided tour visits historical sights such as the cathedral of St. Kilian, the Neumünster, and the town hall to illustrate the religious and secular causes of the witch-hunts of the 17th century.

The Mainviertel – Würzburg's **Oldest Part of Town**

To this day, you can experience a piece of the original Würzburg in the Main- or Burkarderviertel. Historically, this is where the fishermen and craftspeople used to live. The guided tour takes you to the Deutschhauskirche (founded in the 12th century by the Order of Teutonic Knights), the former Hofspital (hospital) and the romanic/ gothic era Burkarderkirche. Burkard, the first bishop of Würzburg erected a Benedictine monastery at this location in the 8th century. Also located in the Mainviertel is the first creation by Balthasar Neumann. Last but not least, explore the remnants of a 17th century water canal and its lock. The canal allowed larger vessels to avoid the smaller lock at the Alte Mainbrücke (Old Main River Bridge).

Chain reaction -**Nothing for loners**

Our team building activity "chain reaction" depends on team spirit, precision and creativity. Equipped with hammer, nails, tape, ropes, boards, pipes and much more, you build a large course through which a ball must roll completely. To do this, teams are first formed, which then take care of the various stages of construction. There are no limits to creativity because the most important thing is to achieve the common goal. Special aids, such as cordless screwdrivers or cable ties can be earned by solving additional tricky riddles. At the end there is an angled, several meters long track, which only works if the strategy is right, the agreements are clear and the cooperation in the own team as well as with the other teams runs smoothly. Speaking of running... of course there is also a time limit.

Wooden Kart Team Challenge Construction, creativity, strategy,

fun! Experience this extraordinary team action with your co-workers, colleagues, or as a private group. The teams set up their own racing team (e.g. product reference/ department), design their racing overalls, design and build their wooden kart. Each team eagerly awaits victory - however, only he or she who does not slip up in the pit lane wins the race. This event takes place in the sense of team spirit, creativity and goal-oriented actions. 1. Team spirit is needed. Individual vehicles can be built with our wooden kart kits. The components can be screwed together or put together in almost any way.

2. Creativity is needed. The racing overalls are individually designed by the teams.

3. Targeted action is needed. Points are awarded not only for the race victory, but also for the constructors' championship.

The design of the vehicles and the racing overalls are equally important factors. Experience this unique teambuilding programme with your group.

The Hunt for Mr. X

Get to know Würzburg actively. This exciting action game is based on the board game "Scotland Yard hunts Mr. X". Help us to catch the escaped villain, but be careful he is extremely dangerous, and the arrest is only legally binding through the procurement of his Mr. X label. He is on foot. Keep an eye out! First gather information in the training camp of Scotland Yard before you set off in pursuit with your team. Several of the tasks originate from the field of experiential education and can only be solved with team spirit. The pursuit lasts about one hour. If he is not caught in this time, then he has won and is free. X feels very safe; he does not hide, but he may use side streets.

Wine Estate **Bürgerspital Zum Heiligen Geist**

The Bürgerspital wine estate has existed for over 700 years in Franconia. On 120 hectares of vineyards, primarily the classic grape varieties Riesling, Silvaner and Pinot are grown. The best wines are filled in "Bocksbeutel" (flat and bulbous bottles), which has been the most prestigious certificate of highest quality for us at the Bürgerspital for almost 300 years. The most valuable treasure of the wine estate are the unique vineyards, especially the "Würzburg Stein-Berg" and the monopole "Stein-Harfe". They shape the character and style of the Bürgerspital wines, which can be perfectly enjoyed by themselves or as accompaniments to food. The Bürgerspital is a founding member of the VDP (Verband Deutscher Prädikatsweingüter -Association of the leading German Wine Estates) and ranks its wines according to VDP classification: The closer the origin, the higher the quality. In order to identify the predicate wines, the bottles bear the eagle and grape symbol. The wine estate itself is part of the foundation Bürgerspital zum Hl. Geist. The original purpose of the foundation was to care for the elderly which continues to this day. With every bottle of wine sold, this social commitment is

supported.

Cellar Tours

The tour reveals the entire process, starting from the grape to the bottling into the Bocksbeutel (traditional Franconian wine bottle): Beginning at the wine press hall, through the cellar with modern stainless steel tanks to one of the most beautiful and oldest oak barrel cellars in Germany. It is a sight which delights, because it is here that the best wines mature. You need to give yourself some time out and travel back to 1540. The oldest authentic white wine in the world rests in the treasure chambers of the Bürgerspital. At the end of the tour, you will receive a small Bocksbeutel, which you can enjoy at home.

WineWorld Juliusspital

In 1576 prince-bishop Julius Echter founded the charitable foundation Juliusspital in Würzburg.

The winery is part of this foundation and has always used the revenues to finance social projects. The cadre for the wine's individuality lies in 180 hectares of vineyard properties in the most famous wine region in Franconia. Maximum value is placed on respecting nature — sustainability for the vines and responsibility for future generations.

Cellar Tours and Wine Tastings

Wine is a cultural treasure and wine consumption is a joy. Experience both during a 90-minute tour of the Juliusspital wine estate. Take a trip through more than 440 years of (wine) history and get an inside view of one of the largest wineries in Germany. Immerse yourself in the realm of the cellar master, experience the fascinating excitement between modernly designed wine press houses and a historical wooden cask cellar in the middle of an impressive endowment site. Included is an informal wine tasting as an introduction to the Juliusspital wines; wines that are authentic, fresh, bold and unique.

Weingut am Stein Ludwig Knoll

Wine is passion, zest for life, and has accompanied the Knoll family for five generations. Since 1980 Ludwig and Sandra Knoll have been leading the winery in the midst of the famous vineyard site at the Würzburger Stein with a unique view over the wine metropolis. They cultivate wines of the highest quality on renowned steep slopes. In addition to the unique Steinkeller, the Stettener Stein, a true amphitheater of nature, has also grown into one of their areas of expertise. The vineyards are cultivated biodynamically and the grape quality grows in harmony with nature. The basis for the quality of the wines is the vineyard. A dialogue between innovation & tradition is not only expressed by the wines but also by the modern architecture.

Weingut A. Fesel

The winery A. Fesel is located in the midst of nature at the gates of Würzburg. Our family-run business offers a wide range of wines to please all tastes, cultivating 12 different grape varieties on 7 hectares of prime vineyards with various quality designations. Wine and cellar master Stefan Fesel is a second-generation owner and stands for a business philosophy committed to natural grape cultivation, gentle grape processing and distinctive high quality wines.

Weingut Reiss

This innovative family run winery is located in Würzburg-Unterdürrbach. Modern and elegant wines from classic grape varieties are presented, with a focus on their show variety of Silvaner. In addition, the "new ways" of wine ageing, such as the mash fermentation or ageing in amphorae, are a source of great interest and enthusiasm and these emotions are passed on to the customers through the wine. As well as wine tastings, guests will find an extensive program of events, such as cellar and vineyard tours, wine seminars, culinary tastings and individual tours of Würzburg an allround program that will make your visit an impressive and memorable experience. Individual visitors are warmly invited to enjoy tastings in the new vinotheque

The Würzburger Stein – Wine Cultivation, Ecology, City from Above

Goethe had the Stein wine shipped to his home in Weimar. Hospitals and other charitable foundations are financed through this wine. Hike with a guide through the world renowned appellation and learn about wine cultivation, ecology and the history of Würzburg. The view of the city from here is simply breathtaking.

Long-Distance Bike Path Romantic Road

There can't possibly be a better way to experience Germany's best known and most popular route than by bicycle!

Würzburg is the gateway to the Romantic Road and its many highlights: There are the towns of Rothenburg with its entrance gates and fortified towers, the romantic town of Dinkelsbühl, Augsburg, the city of the Fugger, the world famous Wieskirch, the fairy-tale castle Neuschwanstein. Then there is the wildly romantic valley of the Tauber river, an ancient meteor crater near Nördlingen, as well as the impressive views of the Ammergauer Alps.

Bicycle away from traffic on designated bike paths or lightly traveled secondary roads. Ride alongside the rivers Main, Tauber, Wörnitz, and Lech. There are no mountains here or highly aerobic ascends. Cities as well as small towns along the way offer many options for nourishment and an overnight stay.

The 460 km long trail from Würzburg to Füssen is well marked and suitable for families with children.

Our suggestions

9 am Breakfast

A relaxed breakfast in a café is a nice alternative to a hotel breakfast. There is no lack of possibilities in the university town of Würzburg. Popular addresses include "Café Wunschlos Glücklich", "Café Fred", "Unicafé" or "Jules" with French flair. For breakfast with lots of local colour you can enjoy the "Marktcafé Brandstetter", famous for its delicious "Hörnchen" (the Würzburg version of a croissant), or the Cafés "Eden" and "Rudowitz" at Sanderstraße, popular with students.

10 am Stroll around the food market

At Würzburg's farmers' and speciality market, which was first documented no later than in the 14th century, you will find delicacies from regional production, fruit and vegetables from daily fresh harvests and, of course, fine cheeses, meat and sausage products, all handmade with love and

10:30 am Self-guided walking tour of the Old Town

From the market it is only a few steps to the "Falkenhaus" with its characteristic Rococo façade. Download the Würzburg audio guide to your smartphone free of charge from www.wuerzburg.de/25128 and start your self-guided walking tour to many of Würzburg's noteworthy sights from there.

12:30 pm Lunch

Around Market Square there are some of the most popular restaurants serving Franconian specialities, including the "Würzburger Ratskeller", "Weinhaus Stachel", "Alte Mainmühle" or "Backöfele". In addition to Franconian classics such as "Schäufele" or "Blaue Zipfel", a variety of daily specials are also tempting. If all you need is a snack, do it like the locals and go to the Bratwurst stand "Knüpfing" to get a "Geknickte mit Senf" (bratwurst with mustard).

2 pm Individual wine tasting or cellar tour?

With the Würzburg Wine Pass (see page 19) you can discover some of Würzburg's most beautiful wine bars and wine taverns individually: by yourself, as a couple or with friends, no reservations required. You choose five out of seven partner outlets and get to taste 1 glass of Franconian wine at each of them. From Friday to Sunday, the major wineries also offer interesting cellar tours. Details on pages 33 to 38.

7 pm Dine in style

For a classy dinner with excellent cuisine, Würzburg has a number of restaurants to choose from, including "Kuno 1408" (1 Michelin star), "Aifach Reisers", "Glouglou", "Souldfood Kitchen", "Bürgerspital Weinstuben" or "Steinburgs Restaurant" at "Schlosshotel Steinburg". The hotel's own Culinarium can even be booked exclusively for cooking events for up to 22 people.

Our suggestions

9 am Breakfast

An excellent breakfast at the hotel or in one of the many breakfast cafés gives you the energy you need to enjoy a day full of cultural highlights.

10 am Private sightseeing tour

With a certified tour guide (book at www.wuerzburg.de/groups) you will discover some of the most beautiful sights of Würzburg's Old Town on a private guided tour and learn a lot of interesting facts about Würzburg's history and present. On your route you will see, for example, the "Falkenhaus" with its impressive Rococo façade, the "Marienkapelle" church, the "Lusamgärtchen" garden and "St. Kilian" cathedral. Your tour guide will be happy to take your main interests into account and will determine the exact route with you. Recommendation: The "Museum am Dom", with its fascinating concept is located directly next to the cathedral: works of art from different eras are placed in exciting context to each other.

1 pm Lunc

Enjoy a hearty lunch in a typical Franconian restaurant.

2 pm Explore the "Alter Hafen" cultural district

Spend the afternoon exploring Würzburg's cultural district "Alter Hafen" (Old Harbour) north of the "Friedensbrücke" bridge. The "Museum im Kulturspeicher", the "BBK Gallery" and the art ship "Arte Noah" attract visitors with an exciting exhibition program. On your way, make sure you take a look at the "Augustinerkirche" church on Dominikanerplatz and let the contemporary interior design work its magic on you. No less impressive: the Fraunhofer Institute ISC building on Neunerplatz, designed by Zaha Hadid Architects.

6.30 pm Dinner and concert

After dinner at a restaurant of your choice, look forward to a visit of a concert at the "Mainfranken Theater", Würzburg's most renowned theater, or at the University for Music. "Omnibus" is famous for jazz, blues and rock concerts, Jugendkulturhaus Cairo is a popular venue for alternative music.

Contracts for Guided Tours: City of Würzburg

Congress · Tourismus · Würzburg (CTW) and Tour Guides Würzburg

The following terms of contract on the one hand regulate the legal relationship between Congress · Tourismus · Würzburg, a proprietary operation of the City of Würzburg and referred to in the following as "CTW", and yourself, referred to in the following as "Customer" or, as applicable, with the person/institution booking the guided tour. On the other hand, they regulate the legal relationship between you and the tour guide arranged for by CTW. 1.2. To the extent that the following provisions of these General Terms and Conditions apply solely to the "tour guide", without expressly differentiating in this respect between regula group tours open to the public on the one hand and non-regular private group tours (individual groups) on the other, these provisions,

express agreement in this regard.

1.5. The following applies in the case of nonregular private group tours (individual groups): CTW is not a contractual partner in the contract that is concluded via the tour guide upon booking. 8.1. Reference is made to Clauses 1.3 and 1.5 of these terms and conditions with regard to the liability of CTW as a private group tour intermediary.

8.2. The tour guide as well as CTW – to the extent that CTW acts as a provider responsible for performance of regular public group tours - is liable without limitation

- provided the damage results from the breach of a material obligation. the fulfilment of which is a prerequisite for the proper execution of the contract or the breach of which ieopardizes the achievement of the purpose of the contract

- provided the damage results from injury to the life, body or health of the quest

- in all other respects the liability of the tour guide or CTW is limited to damages caused by the tour guide or CTW or their vicarious agents intentionally or as a result of gross negligence. 8.3. The tour guide or CTW as the provider responsible for performance of regular public group tours is not liable for the services, measures or omissions of catering establishments. institutions, sightseeing venues or any other services visited within the context of the tour unless the damage is caused by or partially caused by a culpable breach of duty on the part of the tour guide or of CTW.

9.1. The following applies in the case of regular public group tours:

Agreed tour times must be adhered to punctually. If the guest is late without this being the fault of the tour guide or CTW, the tour guide service is deemed to have started at the agreed beginning of the service with no

entitled to a discount due to partial non-fulfilment in this case.

9.2 The following applies in the case of nonregular private group tours (individual groups): a) When making the booking or in a timely manner before the agreed tour date, the guest or corporate client will be asked to provide a mobile phone number so that they can be contacted in the event of extraordinary circumstances. CTW usually also provides the guest or a nominated individual with the corresponding mobile phone number of the tour uide providing the tour.

b) Agreed tour times shall be strictly adhered to. If subject to any delay, the Customer shall accordingly notify the tour guide at latest by the agreed time of the guided tour's commencement and indicate the probable time of arrival. The tour guide may refuse to postpone the tour's time of commencement if such postponement is objectively impossible or unreasonable, in particular if subsequent tours or other compelling business or private appointments of the tour guide cannot be kept as a result. Generally speaking, any postponements over 30 minutes shall entitle the tour guide to cancel the tour. The tour guide's entitlement to payment shall remain, and the provision set down in Section 6 shall apply correspondingly. In such case the tour guide will invoice the Customer or booking party directly.

9.3 If the tour begins late due to circumstances that are not the fault of a) either the tour guide

b) or CTW as the provider responsible for per-

formance of regular public group tours. c) and which are also not the fault of CTW within the scope of the arrangement of nonregular private tour guides due to a violation of the intermediary obligations, there is generally no entitlement to claim an extension of the tourtime. This does not affect any claims of the guest due to partial non-fulfilment of the tour guide services, to the extent that the guest or client of the corporate client is not to blame for the delay. In the event that a group arrives late for a guided tour, the tour guide and the guest or group's repre-sentative shall agree whether the guided tour shall be accordingly abbreviated or whether - provided the tour guide is available and has no other obligations – the guided tour service shall be provided in the full, originally agreed length. In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

10. Obligation of the guest

10.1 Guests or group representatives shall be obliged to immediately report any service deficiencies of the guided tour or agreed services to the tour guide and demand remedy of same. Any guest claims possibly resulting from deficient or non- or partially fulfilled services will be rejected if they have not been accordingly reported, unless the guest/group representative is not responsible for such failure to report due to a negli gence on his/her part.

10.2 The guest or client shall only be entitled to cancel or abandon guided tour services after the start of the tour if the service of the tour guide is materially deficient and if such deficiencies, following their respectively due report are not rem edied. In the event of any unjustified can-cellation or abandonment of services the right to reimbursement of service rates naid shall be excluded. Warranty claims of the Guest or the client in the event of deficient performance of the guided tour remain unaffected

10.3 Combined bus and walking tours, city tours by bus and bus travel services may only be provided in busses with functioning microphone systems and guide seats. Otherwise, the tour guide shall be entitled to reject provision of the guided tour services while his/her right to remuneration shall remain unaffected (the provisions of section 6.2 shall apply accordingly).

11. Insurances

11.1. Contractually agreed services shall only include insurance cover in favour of the Customer or booking party if specifically agreed accordingly.
11.2. The Customer or booking party is strong-

ly advised to take out a travel cancellation insurance policy.

12.1. CTW has no influence on the admission times of local sights, for which reason the time quoted in CTW's confirmation of order applies solely to the start of the tour and does NOT serve as guarantee of admission to a sight at that point.

12.2. Furthermore, CTW has no influence on the general accessibility on Sundays and public holidays of museums and public buildings, in particular churches (which might be closed for tours because of, for example services, special events, etc.). 12.3. Würzburg's castle and garden manage

ment have established the following regulation in order to ensure smooth running tours of the Residence UNESCO World Heritage site: Groups consisting of less than 30 people may "topped up" with other individual visitors even if a group has booked its own tour guide. There might be some admission waiting times in peak periods and during the guided tour.

13. Statute of limitation and alternative settlement of disputes

13.1. With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherstreitbeilegung), CTW duly informs the client herewith that it currently does not participate in any such voluntary settlement programme, unless specified otherwise within print or online advertisements published by the tour guides. In the event that the participation in such a programme became obligatory in the further course after printing and publishing these terms and conditions. CTW will duly inform its clients accordingly. In relation to all contractual relationships concluded electronically, CTW makes reference herewith to the European dispute settlement platform http://ec.europa.eu/ consumers/odr.

13.2. Contractual claims on the part of the Customer/booking party against the tour guide or CTW arising from injury to life, limb or health, including contractual claims for compensation, that are based on said parties' negligent breach of duty or a deliberate or negligent breach of obligation on the part of their legal representa-tives or vicarious agents shall lapse after three years.

This shall also apply to compensation claims for other damages that are based upon a grossly negligent breach of duty on the part of the tour guide and/or of CTW or based on a deliberate or grossly negligent breach of duty by their legal representatives or vicarious

agents.
13.3. All other contractual claims shall lapse after one year.

13.4. The period of limitation as per the above provisions shall in each case begin as from the end of the year in which the claim arose and in which the Customer/booking party became aware of the circumstances upon which the claim is based and in which the tour guide and/or CTW as liable parties became aware or, with-out gross negligence on their part, had to become aware of said circumstances.

13.5. If negotiations are in progress between the Customer and the tour guide and/or CTW in respect of the claims lodged or the circumstances upon which the claim is based, the period if limitation shall be suspended until such time as the Customer or the tour guide and/or CTW refuses to continue with the negotiations. The aforementioned period of limitation of one year shall become effective three months after such suspension at the

15. Special regulations in connection with pandemics (especially COVID-19)

15.1. The parties agree that the contracted services shall always be provided in compliance with and according to the official requirements and conditions applicable at the respective time

15.2. The guest agrees to follow any reasonable usage regulations or restrictions imposed by the tour guide when using services (especially the possible wearing of a face mask).

16. Applicable law, place of jurisdiction

16.1. The entire contractual and legal relationship between CTW and the Customer or booking party as well as between the tour guide and the Customer is governed exclusively by the law of the Federal Republic of Germany. 16.2 Insofar as complete on-site payment to the tour guide is agreed, the place of performance and the place of jurisdiction shall be the place where the tour is carried out.

16.3. The Customer or booking party may only file a legal action against the tour guide or CTW at their general place of jurisdiction. 16.4. Unless the place of jurisdiction for the place of performance is justified, the authoritative place for legal action on the part of the tour guide and/or CTW against the Customer or booking party shall be the latter's general place of jurisdiction. If the booking party is a merchant within the meaning of the German Commercial Code or a public or private law legal entity, or if the Customer or booking party has no general place of jurisdiction in Germany, the exclusive place of jurisdiction for any claims of the tour guide or CTW shall be their place of residence or their principal place of business.

16.5. The above provisions on applicable law and the place of jurisdiction shall not apply if determined otherwise in favour of the Customer or booking party by EU regulations applicable to the contract with the tour guide.
