The Unique Würzburg Flair

Why is Würzburg so popular? Many people come visit time and time again, not because of the location alongside the Main River and the ease of getting here. No, it has everything to do with the unique atmosphere that simply makes you feel good. It’s a special mix of culture and ambiance, of world heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer. There are many hotels and restaurants that are looking forward to your visit. – Enjoy the Franconian wine, a glass of Franconian sparkling wine and other culinary treats from the region.

The Residenz Palace – A UNESCO World Cultural Heritage Site
Balthasar Neumann, Europe’s greatest architect of the Baroque era, built the Residence Palace. This former home of the prince bishops of Würzburg is nicknamed “the castle above all castles.” The grand staircase of the Residence Palace is deemed the most beautiful staircase in the world. Other renowned artists whose names are inextricably linked to this lovely city on the Main river are Tilman Riemenschneider and Giovanni Battista Tiepolo.

Almost Like Hollywood but Real: The Towers of Würzburg
Würzburg is not a fake movie backdrop but a real, vibrant city. The view from the Fortress Marienberg across the many towers rising above the city – the cathedral, the Marienkapelle, the town hall, and the Käppele – is breathtaking and unforgettable.

The Museums: Visit, Experience, and Learn
At the Museum für Franken, you find a large collection of works by Tilman Riemenschneider. The Museum am Dom offers a unique collection of modern and contemporary art. The award-winning Museum im Kulturspeicher offers Concrete Art in a truly extraordinary setting. If you are interested in items from the antiquity, then visit the Martin von Wagner Museum. There is something here for any interest!
Fascinating Tradition: Franconian Wine, the Bocksbeutel and Typical Restaurants

Our recommendation: Quaint restaurants and traditional wine taverns offering local fare. Of course, you can also opt for international cuisine at five star restaurants. And don’t forget that this is one of the best wine-growing areas in Germany. So don’t miss the opportunity to sample a local wine from a Bocksbeutel bottle. This should be a mandatory part of any visit…

For an up-close experience of the Franconian joie de vivre, visit one of the many local wine festivals, tour a wine cellar or participate in a wine tasting.

Getting Here Is Easy:

We are Located in the Heart of Europe

As much as locals enjoy the Franconian heritage, they also take advantage of the easy access to the rest of Europe. Würzburg sits at the crossroads of numerous new and old traffic routes. Three major interstate highways intersect here: Autobahn A3 Cologne – Würzburg – Munich, Autobahn A7 Hamburg – Würzburg – Ulm, and Autobahn A81 Stuttgart – Heilbronn – Würzburg. Furthermore, there are 350 train departures daily, 70 of which are high-speed trains, and you are only an hour’s drive from Frankfurt International Airport. If you like the water, you can take a boat trip on the Main river to Sommerhausen or a leisurely cruise to Veitshöchheim and the most beautiful Rococo garden in all of Europe. Since the Rhine-Danube canal opened, the Main river has taken off as a boat-touring destination. In 2019 about 1,000 river cruises stopped in Würzburg. And don’t forget to explore the scenic Romantic Road. There is no shortage of great options here.

One in Four Residents is a College Student

Würzburg is home to about 36,000 college students. Wilhelm Conrad Röntgen once studied here and discovered X-rays that have transformed our lives. In 1901, he was awarded the Nobel Prize in Physics for his work. There are a total of 14 Nobel Prize winners that once studied and lectured at the university and helped further its excellent reputation. The University of Applied Sciences Würzburg-Schweinfurt offers more than 40 different Diplomas, Bachelor’s and Master’s degree programs. The University of Music Würzburg has produced many well-known musicians, among them the world-famous singers Waltraud Meyer and Diana Damrau.

A Unique Setting: Mozart Meets Mozambique

Are you looking for classical music or African drum beats? We have got you covered! The Africa Festival in Würzburg is the largest African Culture Festival in Europe and Würzburg also hosts the acclaimed Mozart Festival, an outstanding classical music concert series. If you need more: There is the International Film Weekend, the Stramu Street Art Festival, the Bach Days, to name just a few.

125 years of X-rays Würzburg 2020
At the age of 50, on November 8, 1895, Professor Wilhelm Conrad Röntgen, director of the Physics Institute of the Julius-Maximilians-University Würzburg, discovered the rays which were later named after him. For the groundbreaking discovery he was awarded the first Nobel Prize in physics in 1901. 2020 marks the 125th anniversary of the discovery of X-rays. At the same time, the Nobel Prize winner’s 175th birthday is the occasion for an anniversary year of commemorative events, symposia, international specialist congresses and exhibitions. The event series commences with a show of the "Physikanten" with Prof. Dr. Harald Lesch at the CCW.

300th anniversary of the laying of the foundation stone of the Residence Würzburg 2020
Under the rule of Prince-Bishop Philipp Franz von Schönborn, the construction of the Würzburg Residence began in 1719 and the foundation stone was laid on May 22, 1720. Together with the architect Balthasar Neumann, the plasterer Antonio Bossi, the sculptor Johann Wolfgang von der Auvera and the greatest fresco painter of the 18th century, Giovanni Battista Tiepolo, crafted the interiors. The Residence Palace was included in the UNESCO list of World Heritage of Humanity back in 1981, due to the fact that it is “the most unified and extraordinary of Baroque castles”. The 300th anniversary of the laying of the foundation stone will be celebrated in 2020 and will include two festive nights on May 22 and 23 in the splendid rooms of the Residence Palace. An exquisite artistic and culinary program will be offered.

100 years Mozart Festival Würzburg 2021
Mozart’s timeless music has found its adopted home in Würzburg since 1921. Every year internationally leading soloists, ensembles and orchestras come together in a magnificent ambience to celebrate Mozart with approximately 70 top-class concerts. First-class orchestral and chamber concerts in the baroque Imperial Hall of the Würzburg Residence Palace and atmospheric open-air concerts in the Illuminated Court Gardens have been part of the regular repertoire since the festival’s founding year. “100 Mozart #Bilder” is the motto of the anniversary season. An exhibition in the Martin von Wagner Museum, which focuses on the perspective of the fine arts on Mozart, will be a major attraction. Other exciting special projects, such as a large open-air concert on the Residenzplatz and a lecture series with renowned speakers with the title “Wieviel Mozart braucht der Mensch?” (“How much Mozart does man need?”) round off the diverse program of the anniversary season.

Würzburg with the Nightwatchman
The Würzburg Night Watchman is an original of the city. In historical costume and carrying a lantern, he leads guests around the romantic corners of Würzburg every evening whilst telling amusing stories and anecdotes from the rich historical past of this episcopal city.

Through the Franconian Land of Milk and Honey
True to the motto “the Franconian is what he eats”, you will go on a foray through Franconian cuisine with the night watchman or the “Schorsch”, a typical Würzburg citizen. Start in the Ratskeller or in the Sternbäck with a Franconian must soup. Enjoy spicy sausages at Alte Mainmühle, a Franconian wedding dinner in the Weinhaus Stachel or in the Maulaffenbäck and afterwards indulge in something sweet in the Martinsklause or in the Alter Kranen: apple cakes with vanilla sauce. Last but not least, round off the evening with a glass of wine in the Nachtwächter-Stüble or in the Hockerle of the Bürgerspital. During this culinary tour the night watchman or the Schorsch tells you interesting and fun facts about the Franconian cuisine and the localities. An unforgettable and culinary delight!

Franconian Wine
Wine and hiking, cellar tour and culture, indulgence and going for a walk: Franconia has some of the best things to offer. You can choose between a big, historical wine estate such as the Staatlicher Hofkeller and a small family-operated winery, between an up-and-coming new wine grower and a traditional, worldclass wine estate. Wine, in all its colors and taste variations, simply is the number one topic here. The best introduction to Franconian wine is a cellar tour or a wine tasting. Maybe you and your group prefer to visit one of the many local wine festivals. But don’t forget to enjoy the unique atmosphere of the “Brückenschoppen” on the Alte Mainbrücke (Old Main River Bridge) drinking a glass of wine, or two. And the traditional Franconian wine bottle is the Bocksbeutel – it makes a great souvenir.

Cellar Tours
You can learn everything you have ever wanted to know about wine during the Bürgerspital’s public guided tours. The tour through the 700-year-old winery reveals the entire process, starting from the grape to the bottling into the Bocksbeutel (traditional Franconian wine bottle). Beginning at the wine press hall, through the cellar with modern stainless steel tanks to one of the most beautiful and oldest oak barrel cellars in Germany. It is a sight which delights, because it is here that the best wines mature. You need to give yourself some time out and travel back to 1540. The following wine tasting is a great way to discover the manifold world of the wines.

Wine Estate Bürgerspital Zum Heiligen Geist
Top quality, tradition and modernity – this is what the more than 700 years old winery in Franconia stands for. The Silvaner, Sauvignon and Burgundy grape varieties are mainly grown on the 120 hectares of vineyards and are filled in Bocksbeutel. The most precious treasure is the unique vineyard, especially the Würzburger Stein and the Stein-Harfe. “For us, as Bürgerspital citizens, the greatest motivation is to get the best out of these wineyards and to produce distinctive wines that bear our signature.” The winery itself is part of the Bürgerspital foundation zum Hl. Geist, the original foundation purpose of which was the care of those in need, continues to this day. This social commitment is supported by a contribution which is made for every bottle of wine sold.
WineWorld Juliusspital

The charitable foundation, Juliusspital in Würzburg, was founded in 1576 by prince-bishop Julius Echter. The winery is part of this foundation and has always used the revenues to finance social projects. The cadre for the wine’s individuality lies in 180 hectares of vineyard properties in the most famous wine region in Franconia. Maximum value is placed on respecting nature – sustainability for the vines and responsibility for future generations.

Most cyclists riding to Würzburg take the Main-Radweg (Main River Bike Path), that is one of the most beautiful long-distance bike paths in all of Germany.

Touring from the source of the Main River to its terminus is great fun. Along the way, come into contact with a diversity of towns, landscapes and memorable impressions. Experience the romantic Franconian Switzerland, the down-to-earth Fichtelgebirge Mountains, the “secret capital of beer” Kulmbach, the natural beauty of the Upper Main river Valley/Coburger Land, the serene Steigerwald Forest, the towns of Bamberg and Würzburg with their UNESCO World Cultural Heritage Sites, the sunny Franco-Mountains, the “secret capital of beer” Kulmbach, the natural beauty of the Upper Main river Valley/Coburger Land, the serene Steigerwald Forest, the towns of Bamberg and Würzburg with their UNESCO World Cultural Heritage Sites, the sunny Franco-German wine country. In addition, Würzburg is also the starting point of beautiful and recommendable bike paths along the Tauber River, the Franconian Saale River and in the neighboring regions Spessart, Rhön and Steigerwald. Escape from it all on the Main-Tauber-Franckischen Radacher bike path. Between the Main and Tauber Rivers, it combines original nature, romantic river valleys, traditional half-timbered houses, baroque splendor and famous wines. The Main-Werra-Radweg (Main-Werra River Bike Path) has a unique charm because of its different landscapes. There can’t possibly be a better way to experience Germany’s best known and most popular route than by bicycle! Würzburg is the gateway to the Romanic Road and its many highlights. There are the towns of Rothenburg with its entrance gates and fortified towers, the romantic town of Dinkelsbühl, Augsburg, the city of the Fugger, the world famous Wieskirche, the fairy-tale castle Neuschwanstein. Then there is the wildy romantic valley of the Tauber river, an ancient meteor crater near Nördlingen, as well as the impressive views of the Ammergauer Alps. Bicycle away from traffic on designated bike paths or lightly traveled secondary roads. Ride alongside the rivers Main, Tauber, Wörnitz, and Lech. There are no mountains here or highly aerobic ascends. Cities as well as small towns along the way offer many options for nourishment and an overnight stay. The 460 km long trail from Würzburg to Füssen is well marked and suitable for families with children.
