The Unique Würzburg Flair

Why is Würzburg so popular? Many people come visit time and time again, not because of the location alongside the Main River and the ease of getting here. No, it has everything to do with the unique atmosphere that simply makes you feel good. It's a special mix of culture and ambiance, of world heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer. There are many hotels and restaurants that are looking forward to your visit. – Enjoy the Franconian wine, a glass of Franconian sparkling wine and other culinary treats from the region.

City Hall, Cathedral of St. Kilian

UNESCO World Heritage Site Residence Palace

The Residence Palace – A UNESCO World Cultural Heritage Site

Balthasar Neumann, Europe's greatest architect of the Baroque era, built the Residence Palace. This former home of the prince bishops of Würzburg is nicknamed "the castle above all castles." The grand staircase of the Residence Palace is deemed the most beautiful staircase in the world. Other renowned artists whose names are inextricably linked to this lovely city on the Main river are Tilman Riemenschneider and Giovanni Battista Tiepolo.

Almost Like Hollywood but Real: The Towers of Würzburg

Würzburg is not a fake movie backdrop but a real, vibrant city. The view from the Fortress Marienberg across the many towers rising above the city – the cathedral, the Marienkapelle, the town hall, and the Käppele – is breathtaking and unforgettable.

The Museums: Visit, Experience, and Learn

At the Museum für Franken, you find a large collection of works by Tilman Riemenschneider. The Museum am Dom offers a unique collection of modern and contemporary art. The award-winning Museum im Kulturspeicher offers Concrete Art in a truly extraordinary setting. If you are interested in items from the antiquity, then visit the Martin von Wagner Museum. There is something here for any interest!

Fortress Marienberg

Museum am Dom

Fascinating Tradition: Franconian Wine, the Bocksbeutel and Typical Restaurants

Our recommendation: Quaint restaurants and traditional wine taverns offering local fare. Of course, you can also opt for international cuisine at five star restaurants. And don't forget that this is one of the best wine-growing areas in Germany. So don't miss the opportunity to sample a local wine from a Bocksbeutel bottle. This should be a mandatory part of any visit...

For an up-close experience of the Franconian joie de vivre, visit one of the many local wine festivals, tour a wine cellar or participate in a wine tasting.

STRAMU street art festival

One in Four Residents is a College Student

Würzburg is home to about 37,000 college students. Wilhelm Conrad Röntgen once studied here and discovered X-rays that have transformed our lives. In 1901, he was awarded the Nobel Prize in Physics for his work. There are a total of 14 Nobel Prize winners that once studied and lectured at the university and helped further its excellent reputation. The University of Applied Sciences Würzburg-Schweinfurt offers more than 40 different Diplomas, Bachelor's and Master's degree programs. The University of Music Würzburg has produced many well-known musicians, among them the world-famous singers Waltraud Meier and Diana Damrau.

A Unique Setting: Mozart Meets Mozambique

Are you looking for classical music or African drum beats? We have got you covered! The Africa Festival in Würzburg is the largest African Culture Festival in Europe and Würzburg also hosts the acclaimed Mozart Festival, an outstanding classical music concert series. If you need more: There is the International Film Weekend, the STRAMU street art festival, the Bach Days, to name just a few.

Getting Here Is Easy: We are Located in the Heart of Europe

As much as locals enjoy the Franconian heritage, they also take advantage of the easy access to the rest of Europe. Würzburg sits at the crossroads of numerous new and old traffic routes. Three major interstate highways intersect here: Autobahn A3 Cologne – Würzburg – Munich, Autobahn A7 Hamburg – Würzburg – Ulm, and Autobahn A81 Stuttgart – Heilbronn – Würzburg. Furthermore, there are 350 train departures daily, 70 of which are high-speed trains, and you are only an hour's drive from Frankfurt International Airport. If you like the water, you can take a boat trip on the Main river to Sommerhausen or a leisurely cruise to Veitshöchheim and the most beautiful Rococo garden in all of Europe. Since the Rhine-Danube canal opened, the Main river has taken off as a boat-touring destination. In 2019 about 1,000 river cruises stopped in Würzburg. And don't forget to explore the scenic Romantic Road. There is no shortage of great options here.

Race through the city on the Einstein bicycle at almost the speed of light, or look deep into the interior of various objects with the help of X-rays – 125 years ago Wilhelm Conrad Röntgen discovered the radiation named after him in Würzburg! A special challenge awaits you in the exhibition area „How does man work?“. Compete against yourself and outbid your own best value. How long can you hold your breath? How fast do you react? How sensitive is your hearing? The fascinating question: What do all these data reveal about you as a person? Find out! Guided Tours with a Topic

Medieval Würzburg

The topic of this guided tour is Würzburg in the Middle Ages. You will learn about guilds and brotherhoods while walking the streets around market square where the craftsmen used to live. At the Cathedral of St. Kilian you get to marvel at several sculptures by Tilman Riemenschneider. Then the tour takes you past Riemenschneider's former residence to the Alte Mainbrücke (Old Main River Bridge) and the fabulous views of the vineyards and the Fortress Marienberg. You will learn many interesting facts about medieval life and the peasants' wars. Also covered will be minnesong since the remains of the famous minnesinger Walther von der Vogelweide are said to rest in the Lusamgärtlein at the Neumünster.

Jewish Life in Würzburg

Würzburg has been home to citizens of Jewish faith for more than 900 years. In the Middle Ages, Würzburg was an important center of Jewish faith and philosophy thanks to the Talmud School and its rabbis. In the following centuries times of persecution happened periodically. In the 17th century, the prince-bishops evicted Jews from the city and surrounding areas and it was not until the 19th century that a Jewish community got reestablished in Würzburg. The Nazi dictatorship eclipsed with the deportation of Jews to concentration camps. Today, the Jewish community of Würzburg is again 1100 members strong. The guided tour provides an overview of the religion and history of Würzburg's Jews and visits important sights of town, such as the Juliusspital and the Marienkapelle.

Women in Würzburg

Some of Würzburg's female residents have become famous well past the city limits. Well known names include Emy Roeder, Gertraud Rostosky and Margret Boveri. Many others have not come to fame. Yet all of them have helped shape the city, whether they did laundry, sold goods on the markets, were persecuted as witches or revered as nuns. The guided tour visits many of the famous sights of town and uncovers many little known surprises.

Witch-Hunts in Würzburg

Witch-hunts did take place in Würzburg. The height of the persecution was reached in the early 17th century when women were burned en masse. In those days, any citizen – regardless of gender or status – was subject to libel, which could mean death. The guided tour visits historical sights such as the cathedral of St. Kilian, the Neumünster, and the town hall to illustrate the religious and secular causes of the witch-hunts of the 17th century.

The Mainviertel – Würzburg's Oldest Part of Town

To this day, you can experience a piece of the original Würzburg in the Main- or Burkarderviertel. Historically, this is where the fishermen and craftspeople used to live. The guided tour takes you to the Deutschhauskirche (founded in the 12th century by the Order of Teutonic Knights), the former Hofspital (hospital) and the romanic/gothic era Burkarderkirche. Burkard, the first bishop of Würzburg erected a Benedictine monastery at this location in the 8th century. Also located in the Mainviertel is the first creation by Balthasar Neumann. Last but not least, explore the remnants of a 17th century water canal and its lock. The canal allowed larger vessels to avoid the smaller lock at the Alte Mainbrücke (Old Main River Bridge).

Chain reaction – Nothing for loners

Our team building activity “chain reaction” depends on team spirit, precision and creativity. Equipped with hammer, nails, tape, ropes, boards, pipes and much more, you build a large course through which a ball must roll completely. To do this, teams are first formed, which then take care of the various stages of construction. There are no limits to creativity because the most important thing is to achieve the common goal. Special aids, such as cordless screwdrivers or cable ties can be earned by solving additional tricky riddles. At the end there is an angled, several meters long track, which only works if the strategy is right, the agreements are clear and the cooperation in the own team as well as with the other teams runs smoothly. Speaking of running... of course there is also a time limit.

Vineyard Rally

Allow yourself to be captivated by the picturesque vineyard in and around Würzburg. We actively provide insights into the Franconian wine tradition and the treasures of the vintner. We welcome you with a glass of Franconian sparkling wine in the renowned vineyard locations of Würzburg. We form teams of up to 10 people. Self-appointed team names increase the group cohesion. The questionnaire which is handed out to the teams contains knowledge questions regarding the subject of wine. Discover stations in the vineyards where creativity and team spirit is required. You will be challenged by stone transportation, pipelines and the construction of an observation tower in the vineyard. At the Sensorium, all senses such as sight, smell, and taste are sharpened and tested on the subject of wine. At the end of the rally, the scripts are evaluated and each participant of the winning team receives a certificate. Price incl. a welcome Secco and wine-tasting station (3 vine varieties) 1 bottle per team.

City and Fortress Rally Würzburg

Excellent group activity that leads participant teams through the historical city. Teams face questions concerning history and colloquialisms as well as tasks that need to be accomplished. Along the way, historical characters point the teams in the right direction and provide guidance. At the activity stations, members can prove their agility, creativity, poetic prowess as well as knightly discipline. Team spirit is a must in order to collect bonus points. The winning team will be honored at a final ceremony. Included in the price is: Rallye director, well-designed materials, a knight, a storyteller, a maid, a minstrel or other historical personality. Activity stations for dressing like a knight, crossbow or bow and arrow, and a final ceremony. Upon request, food and drink can be included as well. We can recommend excellent cozy taverns with historical courtyards.

Wooden Kart Team Challenge

Construction, creativity, strategy, fun! Experience this extraordinary team action with your co-workers, colleagues, or as a private group. The teams set up their own racing team (e.g. product reference/ department), design their racing overalls, design and build their wooden kart. Each team eagerly awaits victory – however, only he or she who does not slip up in the pit lane wins the race. This event takes place in the sense of team spirit, creativity and goal-oriented actions. 1. Team spirit is needed. Individual vehicles can be built with our wooden kart kits. The components can be screwed together or put together in almost any way. 2. Creativity is needed. The racing overalls are individually designed by the teams. 3. Targeted action is needed. Points are awarded not only for the race victory, but also for the constructors' championship. The design of the vehicles and the racing overalls are equally important factors. Experience this unique team-building programme with your group.

The Hunt for Mr. X

Get to know Würzburg actively. This exciting action game is based on the board game “Scotland Yard hunts Mr. X”. Help us to catch the escaped villain, but be careful – he is extremely dangerous, and the arrest is only legally binding through the procurement of his Mr. X label. He is on foot. Keep an eye out! First gather information in the training camp of Scotland Yard before you set off in pursuit with your team. Several of the tasks originate from the field of team-building and can only be solved with team spirit. The pursuit lasts max. 2.5 to 3 hours. If he is not caught in this time, then he has won and is free. X feels very safe; he does not hide, but he may use side streets.

Raft construction in the team

Our raft construction team event is always a mix of team training, role-sharing amongst colleagues and a high fun factor in the great outdoors. Grow beyond yourself within the team and improve your collaboration. In small groups of 5–8 participants, we plan, build and test the self-made rafts. Create unique rafts out of barrels, ropes, boards and lots of good ideas, spontaneity and creativity. Teamwork is needed because the more efficiently you work with your colleagues, the better the result. After the construction phase is over, the rafts go to water. Do the knots hold? Does it float? If the raft is buoyant, the participants are ready for the race. Usually, this is followed by a wild chase on the water, combined with action packed tasks that can only be solved together as a team.

Würzburg Wine Cruise

The „Würzburg Wine Cruise“ along the river Main on a houseboat is unique and individual throughout Germany. The two-hour trip takes you to famous vineyards such as the Würzburger Stein, the Schlossberg, the Teufelskeller or the Randersackerer Pfülsen. During the cruise, you will enjoy 5 wines (0.1 l) from the Ludwig Schmitt winery in a very special atmosphere, and you will learn a lot of interesting facts about the vineyards and the grape varieties of the wines presented.

Würzburg with the Nightwatchman

The Würzburg Night Watchman is an original of the city. In historical costume and carrying a lantern, he leads guests around the romantic corners of Würzburg every evening whilst telling amusing stories and anecdotes from the rich historical past of this episcopal city.

Würzburg with "Schorsch"

Experience a Würzburg city tour of a special kind – cheerful, amusing, entertaining, informative and, at the same time, cabaret. "Schorsch" a typical Würzburg citizen, leads visitors with wit and charm through the alleys of the old town from the town hall to St. Kilian's and around the market square with the Marienkapelle. On request, you can also visit the Residence Palace. "Schorsch" brings Würzburg's history to life and makes for an unforgettable experience.

Würzburger Weinschätze (Würzburg Wine Treasures)

Würzburg Wine Treasures is a wine tasting tour through historic wineries. Accompanied by experienced wine guides you will enjoy a very special wine tasting packed with history and wine knowledge. Highlights of the tour include the history of Franconian wine, grape varieties and soils, and a walk through a viticulture model vineyard which displays the varying seasons of the wine year. With two selected wine tastings (0,1l) in each of the three wineries, thus 6 samples in total, these specialties are presented in an impressive and digestible way. We serve matching pastries from a traditional Würzburg family bakery.

Franconian Wine

Wine and hiking, cellar tour and culture, indulgence and going for a walk: Franconia has some of the best things to offer. You can choose between a big, historical wine estate such as the Staatlicher Hofkeller and a small family-operated winery, between an up-and-coming new wine grower and a traditional, worldclass wine estate. Wine, in all its colors and taste variations, simply is the number one topic here. The best introduction to Franconian wine is a cellar tour or a wine tasting. Maybe you and your group prefer to visit one of the many local wine festivals. But don't forget to enjoy the unique atmosphere of the "Brückenschoppen" on the Alte Mainbrücke (Old Main River Bridge) drinking a glass of wine, or two. And the traditional Franconian wine bottle is the Bocksbeutel – it makes a great souvenir.

Wine Estate Bürgerspital Zum Heiligen Geist

Top quality, tradition and modernity – this is what the more than 700 year-old winery in Franconia stands for. The Riesling, Silvaner and Burgundy grape varieties are mainly grown on the 120 hectares of vineyards and are filled in Bocksbeutel. The most precious treasure is the unique vineyards, especially the Würzburger Stein and the Stein-Harfe. "For us, as Bürgerspital citizens, the greatest motivation is to get the best out of these vineyards and to produce distinctive wines that bear our signature". The winery itself is part of the Bürgerspital foundation zum Hl. Geist, the original foundation purpose of which was the care of those in need, continues to this day. This social commitment is supported by a contribution which is made for every bottle of wine sold.

Cellar Tours

You can learn everything you have ever wanted to know about wine during the Bürgerspital's public guided tours. The tour through the 700-year-old winery reveals the entire process, starting from the grape to the bottling into the Bocksbeutel (traditional Franconian wine bottle): Beginning at the wine press hall, through the cellar with modern stainless steel tanks to one of the most beautiful and oldest oak barrel cellars in Germany. It is a sight which delights, because it is here that the best wines mature. You need to give yourself some time out and travel back to 1540. The oldest authentic white wine in the world rests in the treasure chambers of the Bürgerspital. At the end of the tour, you will receive a small Bocksbeutel, which you can enjoy at home.

WineWorld Juliuspital

The charitable foundation, Juliuspital in Würzburg, was founded in 1576 by prince-bishop Julius Echter. The winery is part of this foundation and has always used the revenues to finance social projects. The cadre for the wine's individuality lies in 180 hectares of vineyard properties in the most famous wine region in Franconia. Maximum value is placed on respecting nature – sustainability for the vines and responsibility for future generations.

Cellar Tours and Wine Tastings

Wine is a cultural treasure and wine consumption is a joy. Experience both during a 90-minute tour of the Juliuspital wine estate. Take a trip through more than 440 years of (wine) history and get an inside view of one of the largest wineries in Germany. Immerse yourself in the realm of the cellar master, experience the fascinating excitement between modernly designed wine press houses and a historical wooden cask cellar in the middle of an impressive endowment site. Included is an informal wine tasting as an introduction to the Juliuspital wines; wines that are authentic, fresh, bold and unique.

Excursions

Weingut am Stein Ludwig Knoll

Wine is passion, zest for life, and has accompanied the Knoll family for five generations. Since 1980 Ludwig and Sandra Knoll have been leading the winery in the midst of the famous vineyard site at the Würzburger Stein with a unique view over the wine metropolis. They cultivate wines of the highest quality on renowned steep slopes. In addition to the unique Steinkeller, the Stettener Stein, a true amphitheater of nature, has also grown into one of their areas of expertise. The vineyards are cultivated biodynamically and the grape quality grows in harmony with nature. The basis for the quality of the wines is the vineyard. A dialogue between innovation & tradition is not only expressed by the wines but also by the modern architecture.

Weingut A. Fesel

The winery A. Fesel is located in the midst of nature at the gates of Würzburg. Our family-run business offers a wide range of wines to please all tastes, cultivating 12 different grape varieties on 7 hectares of prime vineyards with various quality designations. Wine and cellar master Stefan Fesel is a second-generation owner and stands for a business philosophy committed to natural grape cultivation, gentle grape processing and distinctive high quality wines.

Weingut Reiss

This innovative family run winery is located in Würzburg-Unterdürnbach. Modern and elegant wines from classic grape varieties are presented, with a focus on their show variety of Silvaner. In addition, the „new ways“ of wine ageing, such as the mash fermentation or ageing in amphorae, are a source of great interest and enthusiasm and these emotions are passed on to the customers through the wine. As well as wine tastings, guests will find an extensive program of events, such as cellar and vineyard tours, wine seminars, culinary tastings and individual tours of Würzburg – an allround program that will make your visit an impressive and memorable experience. Individual visitors are warmly invited to enjoy tastings in the new vinotheque.

The Würzburger Stein – Wine Cultivation, Ecology, City from Above

Goethe had the Stein wine shipped to his home in Weimar. Hospitals and other charitable foundations are financed through this wine. Hike with a guide through the world renowned appellation and learn about wine cultivation, ecology and the history of Würzburg. The view of the city from here is simply breathtaking.

Whether you like it athletic on a mountain bike or more leisurely on a touring bike, our system of bike trails has something to offer for anybody. The trails are well built, well marked and suitable for any age or fitness level. The Main-Radweg (Main River Bike Path) is one of the premier bike trails in Germany. This is due to the high quality of the route, the signage, and the eating establishments as well as hotels along the trail.

One of the most attractive bicycle regions in Germany can be explored by bike on "Romantic Road" trail. Enjoy pedaling alongside the Tauber River, the Fränkische Saale River, or through the Werntal Valley. How about a tour from the Main River to the Neuschwanstein Castle? Are you ready?

Bicycling Bliss on the Main-Radweg

Most cyclists riding to Würzburg take the Main-Radweg (Main River Bike Path), that is one of the most beautiful long-distance bike paths in all of Germany.

Touring from the source of the Main River to its terminus is great fun. Along the way, come into contact with a diversity of towns, landscapes and memorable impressions. Experience the romantic Franconian Switzerland, the down-to-earth Fichtelgebirge Mountains, the "secret capital of beer" Kulmbach, the natural beauty of the Upper Main river Valley/Coburger Land, the serene Steigerwald Forest, the towns of Bamberg and Würzburg with their UNESCO World Cultural Heritage Sites, the sunny Franconian Wine Country, the fairy-tale forests Spessart/Mainland, the "Bavarian Nice" Aschaffenburg, Frankfurt and its "Museumsufer" that is always worth a visit and the elegant town of Wiesbaden.

The Main-Radweg brochure includes information on bicycle friendly lodging, route descriptions, an overview map, prices, bicycle shops and rental locations.

Long-Distance Bike Path Romantic Road

There can't possibly be a better way to experience Germany's best known and most popular route than by bicycle! Würzburg is the gateway to the Romantic Road and its many highlights: There are the towns of Rothenburg with its entrance gates and fortified towers, the romantic town of Dinkelsbühl, Augsburg, the city of the Fugger, the world famous Wieskirche, the fairy-tale castle Neuschwanstein. Then there is the wildly romantic valley of the Tauber river, an ancient meteor crater near Nördlingen, as well as the impressive views of the Ammergau Alps. Bicycle away from traffic on designated bike paths or lightly traveled secondary roads. Ride alongside the rivers Main, Tauber, Würnitz, and Lech. There are no mountains here or highly aerobic ascends. Cities as well as small towns along the way offer many options for nourishment and an overnight stay. The 460 km long trail from Würzburg to Füssen is well marked and suitable for families with children.

Cycling around Würzburg

The Main-Radweg (Main River Bike Path) is certainly one of the classic bike paths, offering you all the beauty and variety of the Franconian wine country. In addition, Würzburg is also the starting point of beautiful and recommendable bike paths along the Tauber River, the Franconian Saale River and in the neighboring regions Spessart, Rhön and Steigerwald. Escape from it all on the Main-Tauber-Fränkischen Radachter bike path. Between the Main and Tauber Rivers, it combines original nature, romantic river valleys, traditional half-timbered houses, baroque splendor and famous wines. The Main-Werra-Radweg (Main-Werra River Bike Path) has a unique charm because of its different landscapes. It leads from Würzburg over the idyllic valley of the Saale River and the heights of the Rhön to Meiningen in Thuringia. The bike path "From the Main to the Rhön" is a 263-kilometer circuit, leading from Gemünden am Main, over the idyllic valley of the Sinn River, into the UNESCO Biosphere Reserve

of the Rhön and back across the valley of the Franconian Saale to Gemünden.

The Perfect Day for Foodies

Tangy wines and tasty beers. Diverse regional cuisine and creative chefs with smart ideas: Würzburg is a wonderful place for foodies. Discover old-established “Bäcks” as well as hip bars and wineries. Try Franconian specialities or innovative fusion dishes. The range is huge: from vegan curries and Mexican tacos to hearty “Schäufele” – Würzburg makes gourmets happy.

The Perfect Day for Culture Fans

World-class architecture, attractive museums embracing the period from antiquity to modern times, renowned music festivals, a lively theatre scene – Würzburg’s cultural offerings are extraordinarily diverse and always good for a surprise. Let our suggestions for your perfect day inspire you.

Our suggestions

9 am Breakfast

A relaxed breakfast in a café is a nice alternative to a hotel breakfast. There is no lack of possibilities in the university town of Würzburg. Popular addresses include “Café Wunschlos Glückliche”, “Café Fred”, “Unicafé” or “Jules” with French flair. For breakfast with lots of local colour you can enjoy the “Marktcfé Brandstetter”, famous for its delicious “Hörnchen” (the Würzburg version of a croissant), or the “Caféhaus Michel” with its large selection of delicious cakes.

10 am Stroll around the food market

At Würzburg’s farmers’ and speciality market, which was first documented no later than in the 14th century, you will find delicacies from regional production, fruit and vegetables from daily fresh harvests and, of course, fine cheeses, meat and sausage products, all handmade with love and care.

10:30 am Self-guided walking tour of the Old Town

From the market it is only a few steps to the “Falkenhaus” with its characteristic Rococo façade. Download the Würzburg audio guide to your smartphone free of charge from www.wuerzburg.de/25128 and start your self-guided walking tour to many of Würzburg’s noteworthy sights from there.

12:30 pm Lunch

Around Market Square there are some of the most popular restaurants serving Franconian specialities, including the “Würzburger Ratskeller”, “Weinhaus Stachel”, “Alte Mainmühle” or “Backöfele”. In addition to Franconian classics such as “Schäufele” or “Blaue Zipfel”, a variety of daily specials are also tempting. If all you need is a snack, do it like the locals and go to the Bratwurst stand “Knüpfung” to get a “Geknickte mit Senf” (bratwurst with mustard).

2 pm Individual wine tasting or cellar tour?

With the Würzburg Wine Pass (see page 19) you can discover some of Würzburg’s most beautiful wine bars and wine taverns individually: by yourself, as a couple or with friends, no reservations required. You choose five out of seven partner outlets and get to taste 1 glass of Franconian wine at each of them. From Friday to Sunday, the major wineries also offer interesting cellar tours. Details on pages 33 to 38.

7 pm Dine in style

For a classy dinner with excellent cuisine, Würzburg has a number of restaurants to choose from, including “Der Reiser” (1 Michelin star), “Kuno 1408”, “Glouglou”, “Bürgerspital Weinstuben” or “Steinburgs Restaurant” at “Schlosshotel Steinburg”. The hotel’s own Culinarium can even be booked exclusively for cooking events for up to 22 people.

Our suggestions

9 am Breakfast

An excellent breakfast at the hotel or in one of the many breakfast cafés gives you the energy you need to enjoy a day full of cultural highlights.

10 am Private sightseeing tour

With a certified tour guide (book at www.wuerzburg.de/groups) you will discover some of the most beautiful sights of Würzburg’s Old Town on a private guided tour and learn a lot of interesting facts about Würzburg’s history and present. On your route you will see, for example, the “Falkenhaus” with its impressive Rococo façade, the “Marienkapelle” church, the “Lusamgärtchen” garden and “St. Kilian” cathedral. Your tour guide will be happy to take your main interests into account and will determine the exact route with you. Recommendation: The “Museum am Dom”, with its fascinating concept is located directly next to the cathedral: works of art from different eras are placed in exciting context to each other.

1 pm Lunch

Enjoy a hearty lunch in a typical Franconian restaurant.

2 pm Explore the “Alter Hafen” cultural district

Spend the afternoon exploring Würzburg’s cultural district “Alter Hafen” (Old Harbour) north of the “Friedensbrücke” bridge. The “Museum im Kulturspeicher”, the “BBK Gallery” and the art ship “Arte Noah” attract visitors with an exciting exhibition program. On your way, make sure you take a look at the “Augustinerkirche” church on Dominikanerplatz and let the contemporary interior design work its magic on you. No less impressive: the Fraunhofer Institute ISC building on Neunerplatz, designed by Zaha Hadid Architects.

6.30 pm Dinner and concert

After dinner at a restaurant of your choice, look forward to a visit of a concert at the “Mainfranken Theater”, Würzburg’s most renowned theater, or at the University for Music. “Omnibus” is famous for Jazz, Blues and Rock concerts, Café Cairo is a popular venue for alternative music.

Terms of Accommodation and Agency Agreement

Congress • Tourismus • Würzburg, propriety operation of the city of Würzburg and hereinafter referred to as "CTW" for short, arranges accommodation for guests in commercial lodging establishments, hereinafter referred to as "host", in Würzburg and the Fränkisches Weinland (Franconian Wine Country) region according to availability. If effectively agreed, the following terms and conditions will form integral content of the accommodation/lodging contract coming into being between the guest and the host and, supplementary to the relevant legal provisions, govern the contractual relationship between the guest and host and the agency activity of CTW. For these reasons you are kindly requested to carefully read through these terms and conditions.

1. Status of CTW, applicability of these terms and conditions

1.1 CTW is the operator of the respective websites and publisher of corresponding host directories, catalogues, flyers or other print media and online appearances, provided that it is expressly designated as the publisher/operator.

1.2 Insofar as CTW arranges further services of the hosts which do not account for a significant proportion of the total value of the host's services and neither constitute an essential feature of the host's or CTW's own combination of services nor are advertised as such, CTW merely has the status of an agent for accommodation services.

1.3 CTW shall act as an agent of combined travel services, if a combination of travel services offered by CTW fulfils the pre-requisites as defined in the statutory provisions of Section 651w of the German Civil Code. Notwithstanding CTW's statutory obligations when offering combined travel services (especially with respect to due delivery to the guest of the information forms as provided by statutory law, and due provision of security in relation to customer payments in the event that CTW collects any guest payments) and notwithstanding moreover the consequences provided by statutory law in case CTW should fail to observe its respective statutory obligations, CTW shall, provided it duly fulfils the pre-requisites as outlined in sections 1.2 and 1.3 above, act neither as a travel package tour operator nor as the guest's contract partner in relation

to any accommodation contract concluded. CTW shall thus not be liable in relation to any information provided by the host as regards prices or services nor in relation to any service deficiencies. CTW's liability as an agent for accommodation services as well as any liabilities based on statutory law, especially on the basis of compulsory provisions in relation to tele-services and business contracts that are concluded electronically shall remain unaffected.

1.4 These terms and conditions (if and as far as validly agreed upon) shall apply to the contractual relationship regarding the provision of accommodation services which have been booked on the basis of the host directories, brochures or internet advertisements as published by CTW.

1.5 The hosts reserve the right to agree with the guest on other terms and conditions of accommodation than the present ones or to make supplementary or deviating agreements to the present terms and conditions of accommodation.

2. Conclusion of contract, travel agencies, details and information in hotel guides

2.1 On making the booking, the guest offers to enter a binding contract for accommodation with the host. This offer is based on the description of the accommodation and the supplementary basic booking information (e.g. description of location, classification details, information found on the relevant website) to the extent that these are available to the guest.

2.2 Bookings may be made verbally, in writing, by telephone, by fax, or electronically (E-mail, Internet). Electronic bookings are confirmed to the guest electronically immediately on placement.

2.3 The contract shall come into force upon the guest's receipt of the acceptance declaration (confirmation of booking) on the part of the host or CTW as its representative. The acceptance declaration need take no prescribed form, so even verbal or telephoned confirmation is legally binding for guest and host. As a rule, the host or CTW as its representative will additionally send a written copy of the booking confirmation to the guest in the case the booking was made verbally or by telephone. However, verbal or telephone bookings by the guest lead to a binding conclusion of the contract even if the guest does not receive the corresponding written additional copy of the booking confirmation.

2.4 Should the host or CTW provide a special offer at the guest's request or that of the

booking party, this shall, in deviation from the above provisions, constitute a binding contractual offer on the part of the host to the guest or booking party as applicable. In such cases, the contract shall come into force without requiring corresponding confirmation from the host or CTW if the guest or the booking party accepts this offer without reservations, changes or additions within the period prescribed in the offer by way of declaration, down payment, final payment or use of the accommodation.

2.5 For bookings made online, the following applies to the conclusion of the contract:

a) By clicking on the button "book with obligation to pay", the guest enters into a binding obligation towards the host to conclude an accommodation contract. The guest shall immediately receive an electronic confirmation of the receipt of the booking.

b) Submittal of the contractual offer by clicking on the button "book with obligation to pay/confirm chargeable booking" does not constitute a claim on the part of the guest to formation of an accommodation contract in accordance with his/her booking details. Rather, the host is free to decide whether to accept the guest's contractual offer or not.

c) The contract is concluded upon receipt of the booking confirmation by the guest.

d) The contract is formed through the booking confirmation, which is shown on the screen immediately after the button "book with obligation to pay/confirm chargeable booking" has been clicked (real-time booking). The guest shall be offered the possibility to immediately store and also to print the booking confirmation. However, the binding character of the accommodation contract is not dependent on whether the guest actually uses these possibilities for storage and printing. As a rule, the host will additionally forward the guest a copy of the booking confirmation per email, email attachment, postal service or fax. However, receipt of such an additionally forwarded order confirmation is not a condition for the legal validity of the accommodation contract.

2.6 In accordance with the applicable obligations as provided by law, the guest is herewith duly informed that pursuant to the relevant legislative provisions (as stipulated in section 312g paragraph 2 sentence 1 no. 9 of the German Civil Code) CTW emphasizes the following: The guest shall have no right to object a contractual relationship concluded for the purposes of providing accommodation services, that has been concluded remotely (i.e. by way of letter, brochure, telephone, fax, email, via text messages as well

as by way of broadcasting services via radio or TV): In such cases the guest's rights are limited to the statutory provisions applicable in the event of rental services not being utilized (section 537 of the German Civil Code. In this respect, please refer also to the provisions stipulated in Section 5 hereunder). The guest does however have a right to object if the contractual relationship relating to the provision of accommodation services has been concluded outside of business premises, unless however, either one of the aforementioned constellations applies or the oral negotiations on the basis of which the contractual relationship was concluded, were conducted following the guest's respective request. In such cases the guest shall have no right to object.

3. Prices and services

3.1 The prices indicated in the booking (host directory, offer of the host, internet) are final prices and include statutory value added tax and all additional expenses, unless otherwise indicated with regard to such additional costs. Additional charges might be made and shown separately such as visitor's tax and fees for services billed according to consumption (e.g. electricity, gas, water, firewood) and for optional and additional services that are booked or used on location.

3.2 The services to be provided by the host are defined solely by the content of the booking confirmation in connection with the details provided about the accommodation and about the services of the host in the booking as well as any supplementary agreements specifically concluded with the guest/booking party. The guest/booking party is advised to make any additional agreements in written text.

4. Payment

4.1 The time at which down payments and final payments fall due is based on the corresponding arrangement agreed with the guest or booking party and indicated in the booking confirmation. In the absence of any such agreement, the entire price of accommodation including additional costs and services shall fall due at the end of the guest's stay and accordingly be paid to the host.

4.2 In the case of stays of more than one week, the host may bill and request payment for the days of accommodation already provided and additional services rendered (e.g. catering services not included in the accommodation price, beverages, etc. from the minibar).

4.3 Even if not expressly indicated in the booking confirmation, the host may, unless

agreed otherwise in the individual case, request a down payment amounting to 20 percent of the total price.

4.4 Payment in foreign currencies and by collection-only checks is not possible. Payment by credit card will only be possible by arrangement or if generally offered by the host by means of displayed notice. Payment at the end of the stay may not be made by bank transfer.

4.5 Should the guest fail to make an agreed down payment and/or final payment or does not make it in full within the specified period despite a reminder from the host with a reasonable deadline – even though the host is ready and able to properly provide the contractual services – and there is no legal or contractual right of set-off or retention on the part of the guest, and if the guest is responsible for the delay in payment, the host is entitled to withdraw from the contract with the guest after a reminder with a deadline has expired and to charge the guest a cancellation fee in accordance with section 5 of these terms and conditions.

5. Cancellation and no-show

5.1 In the case of cancellation or no-show by the guest, the host shall remain entitled to payment of the agreed price of the stay, including the cost of board and any payments due for additional services.

5.2 Within the framework of its normal business activities, the host, while not being subject to any obligation to undertake any special efforts, is obligated to seek alternative occupation of the booked accommodation, with account being taken of the specific character of said accommodation (e.g. non-smoking room, family room).

5.3 Insofar as the host is able to find alternative occupancy for the period booked by the guest, he shall have the income from such alternative occupancy, insofar as such alternative occupancy is not possible, deducted from his claim in accordance with section 5.1.

5.4 As per the percentage rates prescribed by law for the assessment of non-incurred expenses, the guest or booking party is obligated to pay the host the following amounts – hereby taking into account any amounts to be offset in accordance with section 5.3. – based in each case on the total price of the accommodation services (including all additional expenses), but without including any visitor's tax:

For accommodation without board	90%
For bed and breakfast	80%
For half board	70%
For full board	60%

5.5 The guest/booking party expressly retains the right to substantiate to the host that the cancellation costs saved by the latter are considerably higher than the above charges or that alternative use was found for the accommodation services in question. In such case the guest/booking party will then only be obligated to pay the lower amount.

5.6 We strongly recommend the conclusion of a travel cancellation insurance policy.

5.7 For booking processing-related reasons the notice of cancellation is to be addressed to the host and not to CTW and, in the guest's interests, should be made in written form.

6. Arrival and departure

6.1 The guest should arrive on the agreed date by 6:00 pm at the latest without any necessity for a special agreement in this respect.

6.2 The guest is obligated to notify the host – not CTW – of any delay in arrival no later than the agreed time of arrival. The guest's failure to give such notification will entitle but not oblige the host to seek other occupants for the accommodation in question.

6.3 The guest should leave the accommodation at the latest by 12:00 midday on the date of departure agreed and indicated in the booking confirmation, without any special agreement being necessary in this respect. The guest's failure to vacate the accommodation punctually will entitle the host to demand extra payment. The host reserves the right to assert further claims for damages in such instance.

7. Guest's obligations, bringing of animals, cancellation by the host

7.1 The guest is obligated to use the accommodation and its facilities and all of the host's facilities for their intended purposes only and with care and in accordance with any rules of usage which might exist, (e.g. in connection with a swimming pool and sauna).

7.2 The guest is obligated to notify the host without delay of any defects and malfunctions and remediation thereof. Solely notifying CTW will be insufficient, and culpable failure to lodge complaint could result in any claims by the guest becoming partially or wholly invalid.

7.3 The guest may only cancel the contract in the event of significant defects or malfunctions. Before doing so, the guest shall within the framework of the notice of complaint first set the host a reasonable deadline for remediation unless such remediation is

not possible, or is refused by the host, or if immediate cancellation is materially justified by a special interest of the guest which is evident to the host, or if such reasons make a continuation of the stay objectively unreasonable from the guest's point of view.

7.4 The bringing into and keeping of pets in the accommodation will only be possible if expressly agreed beforehand or provided for in the tender. Within the framework of such agreement the guest is obligated to provide true and accurate information as to type and size. Infringements against this provision can entitle the host to extraordinary cancellation of the accommodation contract.

8. Liability

8.1 The host shall be liable without limitation to the extent that

- the damage results from the breach of a substantial obligation, the fulfilment of which is a pre-requisite for the proper performance of the contract or the breach of which jeopardizes the achievement of the purpose of the contract

- the damage results from injury to life, body or health. In all other respects, the liability of the host is limited to damage caused by the host or his vicarious agents intentionally or through gross negligence.

8.2 This provision shall have no bearing on any innkeeper's liability for deposited objects as per Article 701 et seq. of the German Civil Code.

8.3 The host shall not be liable for any disruption in connection with services clearly provided by third parties to and merely arranged for by the host for the guest/booking party during the period of lodging (e.g. sports events, theatre visits, exhibitions etc.). This also applies to third-party services already arranged for in conjunction with the booking to the extent that these are expressly identified as such in the tender or booking confirmation.

9. Special regulations in connection with pandemics, especially COVID-19

9.1 The parties agree that the agreed services shall always be provided by the respective host in compliance and in accordance with the official requirements and conditions applicable at the respective time of travel.

9.2 The guest agrees to follow any appropriate usage regulations or restrictions imposed by CTW and the hosts when using services and to notify the host immediately in the event of any typical symptoms of illness occurring.

9.3 The above provisions shall not affect any warranty rights of the guest, in particular under Section 536 of the German Civil Code.

10. Alternative settlement of disputes; Applicable law and place of jurisdiction

10.1 With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherstreitbeilegung) CTW advises herewith that CTW currently does not participate in any such voluntary settlement programme.

In the event that the participation in such a programme became obligatory in the further course after printing and publishing these terms and conditions, CTW shall duly inform their guests accordingly. In relation to all contractual relationships concluded electronically, CTW refers herewith to the European dispute settlement platform <https://ec.europa.eu/consumers/odr/>.

10.2 The contractual relationship between the guest/booking party and the host or CTW shall be governed exclusively by German law. The same shall apply to other legal relationships between the parties.

10.3 The guest or booking party may only take legal action against the host or CTW at the registered office of CTW.

10.4 As regards legal actions on the part of the host or CTW against the guest or booking party, the latter's domicile shall be authoritative. The place of jurisdiction shall be the place of registered domicile of the host as regards legal actions against guests or booking parties who are business persons, legal entities under public or private law or persons who live/whose place of business or usual place of residence is abroad or whose domicile/place of business or usual place of residence is unknown at the time of commencement of the action.

10.5 The aforementioned provisions shall not apply if and to the extent that other mandatory European Union provisions or other international provisions are applicable.

Conditions for Reservations and Contracts for Guided Tours: City of Würzburg Congress · Tourismus · Würzburg (CTW) and Tour Guides Würzburg

Dear Guests,

The following terms of contract on the one hand regulate the legal relationship between Congress · Tourismus · Würzburg, a proprietary operation of the City of Würzburg and referred to in the following as “CTW”, and yourself, referred to in the following as “Customer” or, as applicable, with the person/institution booking the guided tour. On the other hand, they regulate the legal relationship between you and the tour guide arranged for by CTW. To the extent that they are effectively referred to and included therein, these Terms of Contract shall form integral content of the Contract of Service coming into force between yourself and the respective tour guide in the event of your booking. For these reasons you are kindly requested to carefully read through these terms and conditions.

1. Position of CTW

1.1. CTW offers both regular group tours available to the general public and non-regular private group tours (for individual groups).

a) In the case of regular group tours open to the public, CTW is the responsible provider of the tour guide services and is, therefore, the sole contractual partner of the booking guest or client of the tour guide.

b) In the case of non-regular private group tours (individual groups), CTW acts only as an intermediary of the contract between the Guest or the client of the tour and the executing tour guide.

1.2. To the extent that the following provisions of these General Terms and Conditions apply solely to the “tour guide”, without expressly differentiating in this respect between regular group tours open to the public on the one hand and non-regular private group tours (individual groups) on the other, these provisions, a) therefore, relate, in the case of regular public group tours, to CTW as the provider responsible for performance and contractual partner of the booking Guest or client of the tour guide b) in the case of non-regular private group tours (individual groups), to the tour guide as arranged by CTW in each case.

1.4. The following applies in the case of regular public group tours: Irrespective of the obligations of CTW as a provider of associated travel services (in particular, the transfer of the form required by law and execution of the protection of customer deposits in the event of collection by CTW) and the legal consequences of non-fulfilment of these legal obligations, CTW is not a tour operator, subject to any deviating express agreement in this regard.

1.5. The following applies in the case of non-regular private group tours (individual groups): CTW is not a contractual partner in the contract that is concluded via the tour guide upon booking. In the case of such orders, CTW is, therefore, not liable for information about prices and services, the provision of the service itself or performance defects in connection with the tour guide. This does not apply to the extent that the tour guide is a contractually agreed service included in a package holiday or another offer where CTW is a direct contractual partner of the guest or client. the legal provisions set down in Article 611 et seq. of the German Civil Code relating to contracts for the provision of services. In the case of private group tours (individual groups), the agency relationship with CTW is governed first and foremost by the agreements made with CTW, then by the provisions on CTW's agency activities in these contractual terms and conditions and, in the alternative, by the statutory provisions of Article 675 of the German Civil Code (BGB) on the provision of services for consideration.

2.2 Unless otherwise provided for in favour of the Guest or client under mandatory international or European law, the entire legal and contractual relationship with the tour guide and CTW shall be exclusively subject to the law of the Federal Republic of Germany.

3. Conclusion of contract, position of group client

3.1. By booking, which can take place in writing, by fax, email or on the internet, the guest or client bindingly offers

a) CTW as the provider responsible for performance, in the case of the following applies in the case of regular public group tours;

the respective tour guide, in turn represented by CTW as a legal representative in the case of non-regular private group tours (individual groups), the conclusion of a service contract on the basis of the service description for the respective tour guide and these contractual terms and conditions.

3.2. If the booking is made by a third party referred to in these terms and conditions as a “corporate client”, i.e. an institution or company (private group, community college, school class, club, bus company, tour operator, incentive or event agency, travel agency), this client is a) the contractual partner of CTW as the sole client within the scope of the service contract in the case of regular public group tours;

b) the contractual partner of CTW as the sole client within the scope of the agency contract or the tour guide within the scope of the service contract in the case of non-regular private group tours (individual groups), unless the corporate client acts as the legal representative of the future participant as expressly stipulated in the concluded agreement. In such cases, the corporate client is fully liable for payment in connection with the agreed fee or any cancellation costs.

3.3. If it is expressly agreed that the corporate client is making the booking as a legal representative of the future participant, the latter is personally and directly responsible for all obligations of the future participant, to the extent that it has accepted these obligations in an express and separate statement.

3.4. The service contract regarding the tour guide is concluded upon confirmation, which CTW a) shall submit in its own name in the case of regular public group tours;

b) shall submit as a representative of the tour guide in the case of non-regular private group tours (individual groups). No specific form is required. As a rule, CTW will send the guest or client a written copy of the booking confirmation, except in the case of very short-term bookings. In the case of binding bookings made on the phone at very short notice, the legal effectiveness of the contract depends on the receipt of the written copy of the booking confirmation and any agreed advance payment.

3.5. The following applies in the case of bookings made on the internet with regard to the conclusion of contract:

a) The guest or client makes the tour guide a binding offer and simultaneously grants CTW the agency order by clicking the button “pay to book”

• in the case of regular public group tours by CTW as the provider responsible for performance of the tour guide services;

• the tour guide in the case of non-regular private group tours (individual groups).

b) The guest receives an immediate email confirmation from CTW that the booking has been received.

c) The transfer of the contractual offer by clicking on the “pay to book” button does not constitute a claim of the guest or the client for the conclusion of a service contract

• in the case of regular public group tours by CTW as the provider responsible for performance of the tour guide services. CTW is free to decide whether to accept the guest's or client's offer to conclude a contract;

• in the case of non-regular private group tours (individual groups) with the tour guide in accordance with the booking details. The

person guiding the tour or CTW as their representative is in fact free to decide whether to accept the guest's or client's offer to conclude a contract.

d) The contract is concluded upon receipt of the booking confirmation by the guest or client, which CTW

• shall submit in its own name in the case of regular public group tours and

• as an intermediary and representative of the tour guide in the case of non-regular private group tours (individual groups).

3.6. CTW draws attention to the fact that, in accordance with the statutory provisions (§ 312g(2) 1 no. 9 BGB), in the case of contracts regarding guided tours as contracts for services in connection with recreational activities that are concluded via distance selling (letters, catalogues, telephone calls, faxes, emails, SMS, radio or telemedia), there is no right of revocation and only the statutory provisions regarding the non-utilisation of services (§§ 611 et seq., 615 BGB) apply (see also Clauses 6 and 7 of these General Terms and Conditions). However, there is a right of revocation if the contract is not concluded via distance selling but is concluded off-premises, unless the verbal negotiations forming the basis of the conclusion of contract were conducted in response to a previous order of the consumer; in the latter case, there is also no right of revocation.

4. Services to be performed, right of substitution; Weather conditions

4.1. Services to be provided by the tour guide comprise performance of the guided tour in accordance with the specifications and any additional agreements.

4.2. Unless expressly agreed otherwise, the performance of the guided tour is not owed by a specific tour guide but instead by one selected by CTW on the basis of having the necessary qualifications.

4.3. Even if a specific tour guide has been personally named and booked, CTW reserves the right in the event of his justified inability to conduct the tour, (in particular due to illness) to substitute him with another suitably qualified tour guide.

4.4. The scope of duties owed shall derive from the specifications and any additional agreements. Any third-party information and warranties (especially from travel agencies, hotels, transport companies) on the scope of the contractual services in deviation from the specifications or the agreements made with CTW and/or with the tour guide shall not be binding upon CTW and the tour guide.

4.5. Any changes or amendments to the contractually offered services shall require an explicit agreement with CTW.

4.6. Changes to essential services in deviation from the agreed content of the contract that become necessary after the conclusion of the contract (especially also changes in the tour schedule) and were not brought about by the tour guide or CTW contrary to the principles of good faith shall be admissible to the extent that the changes are insignificant and do not relevantly impair the overall concept of the tour. Any warranty claims of the Guest or the client in the event of such changes to essential services remain unaffected.

4.7. Details on tour duration are of an approximate nature.

4.8. The following applies to weather conditions and their effects on agreed tours:

a) Unless otherwise expressly agreed in individual cases, the agreed guided tours take place in all weather conditions.

b) Accordingly, weather conditions do not entitle the Guest or the client to withdraw from or terminate the contract with the tour guide free of charge. This does not apply only if the weather conditions affect the body, health or property of the Guest or the client to such a significant extent that the implementation is objectively intolerable for the Guest or the client and his/her participants.

c) If such conditions exist at the start of the tour or are objectively to be expected before the start of the tour at the agreed time, both the Guest or the client and the tour guide reserve the right to terminate the contract for the guided tour with immediate effect or extraordinarily.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

5. Prices and payment; Number of participant

5.1. Agreed prices include the performance of the guided tour and additionally offered or agreed services.

Admission fees, catering expenses, as well as costs on public and private transport, city maps, leaflets, museum guides, tour costs within the framework of the visited sights included in the guided tours are only included in the agreed price if these are specifically listed as guided tour services or additionally agreed.

5.2. The following applies in the case of regular public group tours:

a) Unless expressly agreed otherwise, the agreed fee is due for payment immediately after receipt of the booking confirmation in accordance with Clause 3.

5.3. If the guest does not pay the fee in accordance with the agreed payment deadlines, although CTW is prepared and able to provide the contractually agreed tour guide services and the guest has no statutory or contractual right of set-off or retention, and if the guest is responsible for the payment delay, CTW is entitled to withdraw from the guest tour guide contract following a warning with a deadline and after the expiry of this deadline and may charge the guest any withdrawal costs in accordance with Clauses 6 and 7.

5.4. The following applies in the case of non-regular private group tours (individual groups):

a) At the beginning and/or end of the tour guide services outside of Würzburg inner city, the tour guide is entitled to claim reimbursement of travel costs and a fee to cover additional time.

b) Unless agreed otherwise, in particular, with regard to a down payment or full advance payment, the agreed fee is due for payment at the start of the tour. Cheques and credit cards are not accepted. If agreed with the tour guide, payment may be made against invoice. In this case, the invoice amount is due for payment immediately and without deduction and is to be paid to the tour guide.

c) If the tour guide is prepared and able to provide the agreed services and the guest or client has no statutory or contractual right of set-off or retention, they are not entitled to claim the agreed services without full payment before the beginning of the tour.

d) The tour guide's fee may include VAT if the tour guide is required to pay tax. Tour guides are usually small businesses and exempt from VAT (§ 19 BGB).

e) The maximum number of participants per tour guide in the case of journeys, e.g. to the Franconian wine country or along the Romantic Road is 50 people, while for city tours (including combined bus round trips/tours on foot) the maximum number is 30 people. For city bus tours, the number of participants is 50 people.

f) Unless expressly agreed otherwise, if the number of participants on a tour exceeds an agreed number or the ratio of 30 people per tour guide, the tour guide is entitled to seek the assistance of an additional tour guide. Irrespective of the extent by which the agreed number of participants is exceeded, such further tour guide shall be entitled to full remuneration in accordance with the respectively valid rate. The original and additional tour guide are entitled to, in their sole discretion, decide how the group shall be divided between them. In the event that, upon commencement of the guided tour, the agreed number of participants is exceeded and an additional guide is not available, the original tour guide shall be entitled to a remuneration of twice the amount of the respectively valid rate.

g) In the event that, prior to commencement of the guided tour, it becomes apparent that the agreed number of participants is exceeded and an additional guide is not available, the original tour guide shall be entitled to a remuneration of one and a half the amount of the respectively valid rate.

h) In the event that, prior to commencement of the guided tour, it becomes apparent that the agreed number of participants is exceeded and an additional guide is not available, the original tour guide shall be entitled to a remuneration of one and a half the amount of the respectively valid rate.

5.5. The following applies to weather conditions and their effects on agreed tours:

a) Unless otherwise expressly agreed in individual cases, the agreed guided tours take place in all weather conditions.

b) Accordingly, weather conditions do not entitle the Guest or the client to withdraw from or terminate the contract with the tour guide free of charge. This does not apply only if the weather conditions affect the body, health or property of the Guest or the client to such a significant extent that the implementation is objectively intolerable for the Guest or the client and his/her participants.

c) If such conditions exist at the start of the tour or are objectively to be expected before the start of the tour at the agreed time, both the Guest or the client and the tour guide reserve the right to terminate the contract for the guided tour with immediate effect or extraordinarily.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

6. Failure to use ordered services

6.1. There shall be no entitlement to any reimbursement of payments which have already been made if the Customer or the booking party does not use the agreed services either in whole or in part for reasons for which the tour guide or CTW cannot be held responsible and even though the tour guide is ready and able to provide the services.

6.2. The agreed remuneration shall be subject to the corresponding statutory regulations (§ 615 paragraphs 1 and 2 of the German Civil Code BGB):

a) The agreed remuneration is to be paid without entitlement to any Annex 1 subsequent performance of the guided tour at a later point in time.

b) The tour guide shall, however, allow any expenses not incurred as result of said failure to take part in the guided tour to be deducted from the remuneration as well as any remuneration he obtains or maliciously refrains from obtaining through placement elsewhere of agreed services.

7. Cancellation, withdrawal and change of booking by the Customer or booking party

7.1. The Guest or the client may cancel the order up to and including the fourth working day (Monday to Friday) before the agreed date free of charge. Cancellation is possible by fax (+49(0)931/373652) or email (service@wuerzburg.de) during the business hours of the CTW main office (Monday to Thursday 8.30am to 5pm, Friday 8.30am to 1pm).

7.2. The following applies in the event of cancellation at a later date by the guest or client:

a) Reference is made to the provisions of Clause 6.2 for regular public group tour bookings. A cancellation booking amounting to the full agreed fee is usually charged in such cases, less any saved included fees in accordance with Clause 5.2. Any further deductions of income from other use of the agreed executive services are usually not possible due to the fact that these are public tour guide services.

b) Reference is also made to the provisions of Clause 6.2 for the booking of nonregular private group tours (individual groups). A cancellation booking amounting to the agreed fee is usually charged following deduction of any saved included fees in accordance with Clause 5.2. Furthermore, any further deductions of income from other use of the agreed executive services can only be considered if the specifically agreed tour guide services are able to be used for another purpose.

c) In this case, the tour guide must directly invoice the guest or corporate client for the cancellation fee.

7.3. If applicable, the Customer or booking party shall have entitlement to furnish proof that the tour guide has suffered no loss or that the loss sustained is less than the invoiced amount.

7.4. Changes of booking (change of date, time, tour route/schedule and of any essential services and modalities involved in the guided tour) may be made, free of charge, up to the fourth working day before the agreed date of performance, after which it will only be possible to make changes by cancelling the booking in accordance with the above conditions and subsequently making a new booking. Such changes shall not be considered valid until confirmed in writing by CTW.

7.5. The following applies to weather conditions and their effects on agreed tours:

a) Unless otherwise expressly agreed in individual cases, the agreed guided tours take place in all weather conditions.

b) Accordingly, weather conditions do not entitle the Guest or the client to withdraw from or terminate the contract with the tour guide free of charge. This does not apply only if the weather conditions affect the body, health or property of the Guest or the client to such a significant extent that the implementation is objectively intolerable for the Guest or the client and his/her participants.

c) If such conditions exist at the start of the tour or are objectively to be expected before the start of the tour at the agreed time, both the Guest or the client and the tour guide reserve the right to terminate the contract for the guided tour with immediate effect or extraordinarily.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

4.9. In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

6.3. The following applies in the case of non-regular private group tours (individual groups):

a) When making the booking or in a timely manner before the agreed tour date, the guest or corporate client will be asked to provide a mobile phone number so that they can be contacted in the event of extraordinary circumstances. CTW usually also provides the guest or a nominated individual with the corresponding mobile phone number of the tour guide providing the tour.

b) Agreed tour times shall be strictly adhered to. If subject to any delay, the Customer shall accordingly notify the tour guide at latest by the agreed time of the guided tour's commencement and indicate the probable time of arrival. The tour guide may refuse to postpone the tour's time of commencement if such postponement is objectively impossible or unreasonable, in particular if subsequent tours or other compelling business or private appointments of the tour guide cannot be kept as a result. Generally speaking, any postponements over 30 minutes shall entitle the tour guide to cancel the tour. The tour guide's entitlement to payment shall remain, and the provision set down in Section 6 shall apply correspondingly. In such case the tour guide will invoice the Customer or booking party directly.

9.3 If the tour begins late due to circumstances that are not the fault of a) either the tour guide b) or CTW as the provider responsible for performance of regular public group tours, c) and which are also not the fault of CTW within the scope of the arrangement of non-regular private tour guides due to a violation of the intermediary obligations, there is generally no entitlement to claim an extension of the tourtime. This does not affect any claims of the guest due to partial non-fulfilment of the tour guide services, to the extent that the guest or client of the corporate client is not to blame for the delay. In the event that a group arrives late for a guided tour, the tour guide and the guest or group's representative shall agree whether the guided tour shall be accordingly abbreviated or whether – provided the tour guide is available and has no other obligations – the guided tour service shall be provided in the full, originally agreed length. In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

10.1 Guests or group representatives shall be obliged to immediately report any service deficiencies of the guided tour or agreed services to the tour guide and demand remedy of same. Any guest claims possibly resulting from deficient or non- or partially fulfilled services will be rejected if they have not been accordingly reported, unless the guest/group representative is not responsible for such failure to report due to a negligence on his/her part.

10.2 The guest or client shall only be entitled to cancel or abandon guided tour services after the start of the tour if the service of the tour guide is materially deficient and if such deficiencies, following their respectively due report are not remedied. In the event of any unjustified cancellation or abandonment of services the right to reimbursement of service rates paid shall be excluded. Warranty claims of the Guest or the client in the event of deficient performance of the guided tour remain unaffected.

10.3 Combined bus and walking tours, city tours by bus and bus travel services may only be provided in buses with functioning microphone systems and guide seats. Otherwise, the tour guide shall be entitled to reject provision of the guided tour services while his/her right to remuneration shall remain unaffected (the provisions of section 6.2 shall apply accordingly).

11.1. Contractually agreed services shall only include insurance cover in favour of the Customer or booking party if specifically agreed accordingly.

11.2. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

11.3. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

11.14. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

11.15. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

12. Accessibility of local sights and the special regulations relating there to

12.1. CTW has no influence on the admission times of local sights, for which reason the time quoted in CTW's confirmation of order applies solely to the start of the tour and does NOT serve as guarantee of admission to a sight at that point.

12.2. Furthermore, CTW has no influence on the general accessibility on Sundays and public holidays of museums and public buildings, in particular churches (which might be closed for tours because of, for example, services, special events, etc.).

12.3. Würzburg's castle and garden management have established the following regulation in order to ensure smooth running tours of the Residence UNESCO World Heritage site: Groups consisting of less than 30 people may be “topped up” with other individual visitors even if a group has booked its own tour guide. There might be some admission waiting times in peak periods and during the guided tour.

13. Statute of limitation and alternative settlement of disputes

13.1. With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherstreitbeilegung), CTW duly informs the client herewith that it currently does not participate in any such voluntary settlement programme, unless specified otherwise within print or online advertisements published by the tour guides. In the event that the participation in such a programme became obligatory in the further course after printing and publishing these terms and conditions, CTW will duly inform its clients accordingly. In relation to all contractual relationships concluded electronically, CTW makes reference herewith to the European dispute settlement platform <http://ec.europa.eu/consumers/odr>.

13.2. Contractual claims on the part of the Customer/booking party against the tour guide or CTW arising from injury to life, limb or health, including contractual claims for compensation, that are based on said parties' negligent breach of duty or a deliberate or negligent breach of obligation on the part of their legal representatives or vicarious agents shall lapse after three years.

This shall also apply to compensation claims for other damages that are based upon a grossly negligent breach of duty on the part of the tour guide and/or of CTW or based on a deliberate or grossly negligent breach of duty by their legal representatives or vicarious agents.

13.3. All other contractual claims shall lapse after one year.

13.4. The period of limitation as per the above provisions shall in each case begin as from the end of the year in which the claim arose and in which the Customer/booking party became aware of the circumstances upon which the claim is based and in which the tour guide and/or CTW as liable parties became aware of, with-out gross negligence on their part, had to become aware of said circumstances.

13.5. If negotiations are in progress between the Customer and the tour guide and/or CTW in respect of the claims lodged or the circumstances upon which the claim is based, the period if limitation shall be suspended until such time as the Customer or the tour guide and/or CTW refuses to continue with the negotiations.
